

Sign up with PersonPlus!

PersonPlus handles the payroll administration for your employer, which is why we ask you to register with us.

How does it work?

1

E-MAIL MET LINK

As soon as the employer has registered you, you will receive an email with a link to the registration form. This email also contains a code required to complete the form. Tip: Ask the employer to let you know when the registration is complete.

Please note, also check your spam folder! If the email is there, move it to your Inbox first; otherwise, the link might not work.

2

CHECK YOUR DETAILS

When registering, you can first check the details entered by your employer. Do you think something is incorrect? Then note this in the comments field of your form. Then proceed with the registration: fill in all the details, upload the requested documents*, and click Send. You will then receive a confirmation.

Allowed document formats: JPEG, PDF

3

ACTIVATE YOUR NMBRS ACCOUNT

PersonPlus will process the registration within a few days. An email with an activation link will follow. By clicking on this link, your personal NMBRS account will be activated. All personal data, payslips, annual statements, and the contract can be found in NMBRS, the program in which PersonPlus manages the payroll administration.

Attention! Activate your account within 24 hours, otherwise the link will no longer be valid.

4

DIGITAL DRAWING

PersonPlus also drafts your contract and prepares it for digital signing. Your employer signs first, after which you can sign. This can be done entirely digitally. As soon as signing is possible, you will receive an email notifying you that a task is ready for you in NMBRS. This email also contains instructions on how to complete the signing.

Tip! On our website www.personplus.nl, you will find instructional videos on how NMBRS works.
